WLAN Antenna Kit
2.4GHz circular antenna with adhesive mount and L-shaped mounting bracket.

Part no	Dimension	Gain	Including
101255	90mm x 26mm	3dBd (5dBi)	3m extension cable SMA /m– SMA/f and mounting bracket

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

MiniWing Antenna WAN 3G
Passive antenna with adhesive mount.

Part no	Dimension	Frequency	Including
101182	127mm x 12mm	850/900/1800/ 1900/UMTS	2,5m SMA-m cable

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x			

SmartWing Antenna Combi 4G/GPS-GLONASS
Combination antenna with passive WWAN 3G/4G LTE and active GPS. Adhesive mount for discreet mounting on the windowpane inside a vehicle.

Part no	Dimension	Gain	Frequency
101490	135mm x 56mm	WWAN 0 dBd, Active GPS 27 dB	WWAN 790-960, 1710-2690 MHz

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x			

Extension Cables
For WLAN, WWAN and GPS.

Part no	Description
101014	3m SMA-m / SMA-f cables. Low loss – LL58.
101248	2 pcs of P/N:101014

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

AC/DC Adapter with Molex
100-240 VAC to 24 VDC 90W.

Part no	Product
190091	AC/DC adapter with Molex
190092	AC/DC adapter with Molex EU-cable
100713	AC/DC adapter with Molex US-cable
100714	AC/DC adapter with Molex UK-cable

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

Cable Adapter USB to RS232
USB to RS232 DB9 adapter with FTDI chip.

Part no
101295

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	x

Keyboard
Seamless surface and low profile silicon key with tactile key feel. Fully IP68 sealed and eight levels of adjustable backlight.
Available with US, Nordic, German and French set up. Direct fit with keyboard bracket 101251 and 101253.

Part no	Version	Dimension	Including
101382	US	219x139x25mm	Mounting screws
101383	Nordic	219x139x25mm	Mounting screws
101384	German	219x139x25mm	Mounting screws
101385	French	219x139x25mm	Mounting screws

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	x

Cable Binder Molex
Adapter power cable, for connecting to already existing cable used for different brand computer.

Part no
100869

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

Dome w. SMA Connector

Dome with SMA connector for replacement of built in antenna.

Part no	Description
101590	Dome kit, 1 SMA WLAN Main
101481	Dome kit, 2 SMA Connectors

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x					

Dome w. SMA Connector

Dome with SMA connector for replacement of built in antenna.

Part no
101376

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
	x	x	x	x	

Because it Works!™

RAM-Mount C-Ball Kit, Round Base

Aluminum, powder coated, round based mounting kit.

Part no	Dimension	Including
101246	Length 143mm	Arm, round base and screws for VESA 75

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	Stationary		Stationary	Stationary	

Mounting Plate C-Ball Kit

Aluminum, powder coated mounting plate.

Part no	Including
101435	Mounting plate C, VESA 75 and screws

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	Stationary		Stationary	Stationary	

RAM-Mount D-Ball Kit, Round Base

Aluminum, powder coated, round based mounting kit.

Part no	Dimension	Including
101245	Length 212mm	Arm, round base and screws for VESA 75

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

Mounting Plate D-Ball Kit

Aluminum, powder coated mounting plate.

Part no	Including
101257	Mounting plate D, VESA 75 and screws

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

Keyboard Bracket Kit for VERSO+ 10

Aluminum, powder coated. Fitted to VESA 75 mounting holes (75mm x 75mm) for JLT keyboard
(P/N's: 101382, 101383, 101384, 101385). Additional keyboard mounting holes in square: 30.2mm x 38.1mm
(1.19" x 1.50") and 63.5mm x 63.5mm (2.5" x 2.5").

Part no	Including
101253	Mounting screws and Velcro® tape for alternative keyboard mount

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x					

Keyboard Bracket Kit for JLT1214N/P, VERSO 12-15

Aluminum, powder coated. Fitted to VESA 75 mounting holes (75mm x 75mm) for JLT keyboard
(P/N's: 101382, 101383, 101384, 101385). Additional keyboard mounting holes in square: 30.2mm x 38.1mm
1.19" x 1.50") and 63.5mm x 63.5mm (2.5" x 2.5").

Part no	Including
101251	Mounting screws and Velcro® tape for alternative keyboard mount

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
	x	x	x	x	

Plate Double C-Arm Adapter

For mounting of JLT units on already existing mounts with double C-ball.

Part no
101419

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

Roxtec Cable Sealing Kit

Sealing for protection of the computer cabling. Available in various diameters.

Part no
190022

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
	x	x	x	x	

Screen Protector 12"

Plastic film for screen protection in specially demanding environments.
Primarily for use with resistive touch screen.

Part no
100582

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
	x		x	x	

Screen Protector 15"

Plastic film for screen protection in specially demanding environments.

Part no
100583

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
		x			

JLT:Care™ Service Level Agreement
- Predictable cost for maintenance and repairs

"No-questions asked" agreement for guaranteed uptime at a predictable cost. Covers all failures that affect the functioning of your computer*. Possible to add pick-up and drop-off service with the agreement to include all shipping costs to and from our service center.

*except consumable parts such as batteries

Compatible with:

VERSO+ 10	VERSO 12	VERSO 15	JLT1214P	JLT1214N	MT1010
x	x	x	x	x	

JLT:Works™ Professional Services
- Custom specific solutions

With JLT:Works™ you can get a custom made solution to fully suit your specific requirements and to further lower the total cost of your computer installation. A variety of services are available, such as custom-image development and installation, computer installation and maintenance, custom-configuration, on-site technical aid and service for maximum up-time.

Below you will find a few examples of previous custom made solutions. If you have other requests, please contact us and we will find a solution for your explicit need.

CAN-Bus Integration
When needed JLT offers to integrate an interface for connection to the vehicle data-bus. A mPCIe CAN-bus controller card is integrated in the unit, replacing the existing COM-RS232 connector. Implementation support is handled by the CAN-bus module manufacturer.

Radio Disabling
When units are required to have no radio communication options, JLT offers to remove all radio functionality from the computer, including WLAN, WAN, Bluetooth and GPS. Units where radio communication has been disabled are shipped with a conforming declaration.

External Antenna Configurations
For even better connectivity JLT computers can be configured with external antennas, in addition to the user configurable antenna that is standard on all units. For instance, the computers can be configured with external antenna outputs on the back for WLAN, WWAN, Bluetooth and GPS. Connectors used are bulkhead SMA or SMA-RP.

RS232 Reconfiguration
Other than the standard 12V output JLT can offer customized configuration of the RS232 COM-port, including 5V output as sometimes needed for peripherals, screen blanking input as a safety function and ring detect (RS232 standard).

OS Image Customization and Preloading
To make deployment both easier and faster JLT offer development of customer unique.
Any other OS images supplied the customer can be preloaded to the equipment by JLT prior to delivery.
In these cases a unique part number will be issued for the supplied image and stored for repetitive business.

Compatible with:
